

STORAGE	Food, bedding, toxic substances, and other items must be properly stored. [3.1, 3.25, 3.50, 3.75, 3.101, 3.125]
FOOD Criteria	<p>Storage methods must protect the food from:</p> <ul style="list-style-type: none"> • spoilage • contamination • deterioration of nutritive value • vermin infestation <p>Perishable food must be stored appropriately.</p> <p>Storage areas for food must be free of any accumulation of trash, waste material, junk, weeds, and other discarded materials. [3.1(b), 3.31(b), 3.56(c), 3.75(b), 3.107(c), 3.131(c)]</p>
Species Specific	<p>Dogs & Cats [3.1(e)] Supplies of food must be stored off the floor and away from the wall.</p> <p>Distance off the floor and away from the wall is adequate if:</p> <ul style="list-style-type: none"> • a broom or vacuum cleaner can readily fit underneath and behind the food • can easily see when cleaning is necessary • food can be moved to facilitate cleaning <p>Open bags of food must be stored in leakproof containers with tightly fitting lids.</p> <p>Only food currently being used may be stored in the animal area.</p> <p>Guinea Pigs & Hamsters [3.25(c)] Supplies of food must be stored:</p> <ul style="list-style-type: none"> • in containers with tightly fitting lids, or • in the original container

Nonhuman Primates [3.75(e)]

Supplies of food must be stored off the floor and away from the wall.

Distance off the floor and away from the wall is adequate if:

- a broom or vacuum cleaner can readily fit underneath and behind the food
- can easily see when cleaning is necessary
- food can be moved to facilitate cleaning

Open bags of food must be stored in leakproof containers with tightly fitting lids.

Only food currently being used may be stored in the animal area.

Marine Mammals [3.101(d)]

RESERVED - Pending approval of negotiated rules.

BEDDING

Criteria

Storage methods must protect the bedding from:

- spoilage
- contamination
- vermin infestation

Bedding must be:

- neatly stacked
- kept clean and dry

Examples of bedding include but are not limited to:

- newspaper/newsprint
- straw/hay/baled bedding products
- cage/tray liners
- towels/blankets/carpet

Storage areas for bedding must be free of any accumulation of trash, waste material, junk, weeds, and other discarded materials.
[3.1(b), 3.31(b), 3.56(c), 3.75(b), 3.107(c), 3.131(c)]
